STATE OF NEW HAMPSHIRE.

[L. S.]

To the Inhabitants of the Town of Goffstown, in the County of Hillsborough, and in said State, qualified to vote in town affairs:

You are hereby notified to meet at the town house in said town on Tuesday, the eleventh day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary officers and agents for the ensuing year.

2. To raise and appropriate such sums of money as may be necessary for the support of schools, for the maintenance of the poor, for the repairs of highways and bridges, and for Memorial Day.

3. To see how much money the town will vote to raise for the Goffstown public library.

4. To see if the town will vote to comply with the provisions of the law for the purpose of procuring state aid for highways.

5. To see what sum of money the town will vote to raise for the maintenance of our state highway, the state to furnish an equal sum.

6. To hear the report of the town history committee, and see what action the town will take toward raising money for the publication of the same.

7. To see if the town will vote to install and maintain additional electric lights upon the Mast Road, so called, near the limit.

8. To see what sum of money the town will vote to raise for band concerts during the coming summer.

9. To see what sum of money the town will vote to raise for improvements in cemeteries.

10. To see if the town will vote to unite with the Village Precinct for the purpose of purchasing some automobile chemical fire apparatus, and raise and appropriate money for the same.

11. To see if the town will vote to lay out and construct a concrete sidewalk on the east side of Prospect Street, beginning at an iron pin at the southeast corner of Prospect and South Mast streets and continuing in a northerly direction to the land of heirs of Peter Jones, and raise and appropriate money for the same.

12. To see what sum of money the town will vote to raise and appropriate for a reception for our returning soldiers.

13. To see if the town will vote to comply with the provisions of chapter 95 of the laws of 1917 in regard to a liquor agency.

14. To hear the reports of agents, auditors and committees, and pass any vote relating thereto.

15. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-second day of February, 1919.

INDEPENDENT SCHOOL DISTRICT.

Goffstown, N. H., February 1, 1919.

To the School Board and Citizens of Goffstown Independent School District:

I take pleasure in submitting my second annual report. Your attention is respectfully called to the statistics accompanying it. The per cent of attendance is lower than should be reported by a village school, but it was caused by two pernicious epidemics last winter and spring—the mumps and the "Liberty measles." The past fall term was also broken by the epidemic of influenza. However, our schools this year have not been as badly interrupted by sickness as have those of many other communities in our state and elsewhere. We were able to report a per cent of attendance of 90 for the twelve-week term. It is hoped to make up the time lost before the middle of June, but our ability to do so will depend in large measure upon your response at the March meeting.

The changes in our teaching force have been surprisingly few in a year of many changes. This is due in large measure to the policy of the school board in retaining at an increase in salary those teachers whose efficiency was unquestioned. The monthly salary schedule last year was $485.76 and this year it is $559.74. The present salary schedule will have to be maintained if our schools are not to lose in efficiency. The feeling is prevalent that teachers' salaries will decrease, but the best authorities that I can consult tell me that there is not and will not be an oversupply of teachers another year and that the best of this year's graduates from college are already being placed at salaries formerly paid to teachers with experience.

Last spring the district voted to adopt medical inspection, in accordance with the act of 1913. Doctor Blaisdell generously consented to give his services for

the first year and had completed his initial inspection, with the exception of the teachers and absentees, at the time of his death. The report published herewith is furnished by the school nurse, Miss Nora Danforth, from the data secured by the doctor. It is too early as yet to determine the results of the first examination. The real test will come when we are able to check up the number of defects remedied as a result of the cards sent home. Doctor Blaisdell was depending upon Miss Danforth to follow up the cases as far as possible, and it is to her alone that any salary is paid. The most conspicuous defect was in the matter of defective teeth. The many cases of this all through the grades are an index that we need an active campaign of dental education all along the line. Doctor Blaisdell planned to bring his findings before the people in more detail. He was enthusiastic and had other plans for carrying out this good work.

It seems probable that the legislature will make the continuance of medical inspection compulsory. Even if it does not, the money that you have already invested will be largely wasted if this work is not continued.

The policy inaugurated by your first superintendent, to bring your schools to the standard set by the Program of Studies for the Elementary Schools of New Hampshire, has been steadily adhered to. We now stand ready to adopt a middle ground curriculum, as is outlined in the program. This calls for the introduction of manual training, cooking and sewing. Last year I called your attention to the fact that we needed these subjects, but deferred urging the same because of war conditions. At this time I urge it with all my force. We shall mark time unless these subjects can be introduced the coming school year. After the first year the cost of maintaining these courses is very small. They can be made almost self-supporting.

A canvass of our industries by the State Committee of Americanization revealed the fact that we had living in

our midst some fifteen or eighteen adults unable to speak or use in any way the English language. These were all employees of the American Bobbin and Shuttle Company. Your superintendent, spurred on by this committee, urged the starting of a night school for such as could be induced to attend. The school board felt that every available cent of school money was otherwise needed this year, but offered to furnish the High School assembly room, heated and lighted, for the use of any class or classes that might be formed. Your superintendent tried to secure a teacher, but as no money was available, he himself began the teaching. Later Mr. Thomas Largy offered his services and has proved a most efficient helper. The American Bobbin and Shuttle Company has contributed fifty dollars for the support of the school. The classes started in November, meeting an hour on Monday and Friday nights. Three classes developed. One young man is doing upper grammar grade work; five are so far advanced at this writing that we hope to have them reading from the newspaper before the close of the school; and two are beginners in every sense of the word, having had no education in the "old country." All of the fifty dollars contributed will not be used this year, and it is hoped that the balance will form a nucleus to which the district will add, to continue this patriotic and extremely important work another year. Probably before the publication of this report the legislature will make it compulsory to support such classes.

Reports from all parts of the country indicated that an increasing number of boys and girls left school during the past year for work. This was not true to any extent in Goffstown. Nine pupils were promoted from the Grammar School and seven of them entered High School here or elsewhere. None of our graduates entered Manchester High School, and I think that all of the graduates from the town schools who entered high school came here. Just one half of our high school pupils are tuition pupils

from Dunbarton, Weare and the Town District. We graduated eight pupils from the High School and one has entered college. This year we shall probably graduate four, and as the entering class should be of good size, the High School should be larger next year.

"Let us make every sacrifice necessary to continue our boys and girls in school, to the end that no boy or girl shall have less opportunity because of the war, and that the nation may be strengthened, as it can only be through the right education of all its people."

I cannot close without making one more plea for the boys and girls of this community. A patriotic citizen has generously given to his town a playground, but nothing in the way of apparatus has been secured. Our children do not know how to play. We are sadly lacking in playground facilities at the schoolyard, but there is ample room to install swings, a teter board, a giant stride and like apparatus for the little folks. We have no baseball team, no basketball team, nothing to keep the children off the street, the worst possible place in which they could play. The play activities of children, under healthful and normal conditions, are a necessary factor in an all-round development. The Boy Scouts and the Campfire Girls are doing a good work, but more than these influences are needed to counteract the vulgarity of the street.

There is an excellent spirit of coöperation among the teachers, and my thanks are due to them as well as to the School Board for their support and sympathy.

Respectfully submitted,

HOWARD L. WINSLOW.

SOLDIERS IN SERVICE.

From its earliest history Goffstown has always been willing to do her share in our country's defense. Her sons fought in the French and Indian War, and later during the Revolution stood with Stark at Bunker Hill and Bennington. They were with Washington at Valley Forge and were present at the surrender of Cornwallis at Yorktown. In the War of 1812 and the Mexican War of 1846 Goffstown men did their full share.

When the cloud of secession darkened our southern sky and the Civil War became inevitable, more than two hundred men from Goffstown responded to the call of President Lincoln and for four long years endured the privations of the numerous campaigns. They were present at the first battle of Bull Run and at Lee's surrender, and in the numerous battles that intervened many a boy from Goffstown made the supreme sacrifice.

When in April, 1917, it became evident that it would be necessary to uphold the principles of liberty and justice one hundred and two boys from Goffstown answered the call, and for the first time in our history American soldiers engaged in battle upon European soil.

It is with pride that we welcome home our victorious boys, whose names belong with the honored list of Goffstown's heroes in all previous wars.

BOARD OF HEALTH REPORT FOR 1918.

The past year has been a very busy one for the Health Officer, due to the epidemics that have raged the past season, and as many contagious diseases were among the poorer class it has made the expense of the Board necessarily larger.

A great many complaints have been investigated and citizens have readily responded to the requests of the Board. Sixty-seven cases of contagious diseases have been reported to the State Board of Health.

Influenza has been very prevalent, but deaths from same have been few compared with many neighboring towns. Last April the call came to Dr. Maurice A. Stark to enter the government service, and his resignation as Health Officer was accepted and Prof. Frank C. Moore was appointed. He resigned on September 6, 1918, to take up his duties at Amherst College, and on November 14 the present incumbent received his appointment.

REPORT OF TOWN HISTORIAN.

To the Town History Committee of Goffstown:

One year ago it was the expectation of the historian that before this time the manuscript would be in the hands of the printer, ready for publication, but circumstances entirely beyond control have delayed the work; but, barring unforeseen obstacles, a copy will be completed for publication by the first of July. It is unnecessary for me to state further than at that time, or before, the entire matter will be at your disposal.

REPORT OF THE TRUSTEES OF THE GOFFSTOWN PUBLIC LIBRARY.

The trustees wish to report the usual progress of the library work. The librarian and assistant have served most satisfactorily through a busy year. All of the books have been made ready for the new system of delivery. Thanks are due to all who helped prepare the books and

for the use of several typewriters. At the beginning of the year a generous number of books were donated for the war libraries.

On February 1, 1919, the new system was put in use. By it each person may take out two books on a card, and the date due, not the date issued, is stamped on the pocket in the back of the book. The public are more benefited than the librarians, as it increases their work materially. The result will be an increased circulation of the books.

The trustees and librarian wish to serve you. May we hope for your personal interest beyond the mere taking out of the books from your town library.

REPORT OF THE SCHOOL BOARD OF THE GOFFSTOWN TOWN DISTRICT.

In presenting our annual report we have departed somewhat from the time-honored custom of ending the report on February 15, conforming to a new state law, which ends the fiscal as well as the scholastic year on August 31 of each year.

The schools at Parker's and East Goffstown were closed during the fall term and the pupils transported to other schools.

More attention has been given to grading than ever before, and we submit the following table of standing of the pupils in the town district schools:

GRADE.	I	II	III	IV	V	VI	VII	VIII
Pupils promoted to next grade during the year	18	17	15	16	6	13	14	9
Pupils in grade not promoted	16	2	5	1	.....	1	..	1
Average age of class at beginning of school year	6½	8 3/5	9	10 5/7	10 2/3	11	13	13 4/7

A class of five was graduated last June, two from the Mountain School, two from Grasmere and one from Shirley Hill.

We wish to commend our teachers for the work performed during the year and to thank the selectmen for the use of the hall at Grasmere for graduation exercises last spring.

There is a bill before the Committee on Education in the House of Representatives which reorganizes the whole system of raising school money and apportionment of state aid, therefore it is thought best to delay the annual school meeting somewhat, pending action on said bill.

In compliance with law, we submit these estimates for the ensuing year, subject to such changes as may be required by a new law.

For tuition	$800.00
For text-books	200.00
For school supplies	200.00

GEORGE E. WHITNEY,
CHARLES E. PHILBROOK,
M. C. B. PARKER,

School Board Goffstown Town District.

REPORT OF CEMETERY TRUSTEES.

During the past season little except the usual routine work was accomplished. Owing to the scarcity of labor no new work was planned. It is hoped that our usual annual appropriation will be resumed this year and a portion reserved for the fence fund, which is now assuming proportions which will warrant a beginning upon the construction of a fence when suitable prices can be obtained.

The continued donations to our perpetual care fund is a source of gratification to the trustees.

Respectfully submitted,

FRANK W. KENDALL,
FRANK A. PARKER,
BENJAMIN F. GREER,
CHARLES F. WHITE,
GEORGE L. EATON.
